

SUREERAT PHUVASATE (NOTE)

Now:

Corporate QA Manager
Betagro Group

Sureerat Phuvasate started working at Charoen Pokphand Foods as a food safety specialist in 2015. She then moved to Betagro Group in Mid 2017 for a corporate QA manager position. Her responsibilities include establishing food safety policies, developing and maintaining Betagro quality management system for assuring the food safety of Betagro supply chain.

Email: sureeratph@betagro.com

Then:

MS in FST (2005 - 2007)
PhD in FST (2009 - 2014)
Oregon State University

Note began her Master program in Food Science and Technology at Oregon State University under guidance of Dr. Yi-Cheng Su. After graduation, she worked as a lab technician in Microbiology Lab for a year and decided to pursue a PhD program. Her research focus on food microbiology and safety.

For her doctoral program, Dr. Park served as one of her committee for qualifying exam and also replaced one of her thesis committee for prelim exam. Note was grateful for his helps and supports during the time she spent at OSU Seafood lab and adopting her as part of his Surimi lab☺.
