

# YUKI WATANABE

## Now:

Food sanitation inspector  
City of Nagoya

Email: watanabe1527@gmail.com

Yuki Watanabe graduated from Tokyo University of Marine Science and Technology and began working for City of Nagoya as a food sanitation inspector in 2016. I provide the necessary advice and guidance to food business operators in order to prevent food poisoning and improve food sanitation.

## Then:

Visiting student  
Sept-Oct 2015  
OSU Seafood Lab

I was an undergraduate student of Tokyo University of Marine Science and Technology. I visited OSU Seafood Lab as a visiting student and did some experiments about the role of starch on the physical properties of surimi gels.

Related thesis of my graduation research :  
Sweet potato starch with low pasting temperature  
to improve the gelling quality of surimi gels after  
freezing
