

JIHOON MOON

Now:

Food Researcher
Pulmuone (Food Company)

Email: mjihoon586@gmail.com

Jihoon has been working at Pulmuone in Korea from Aug, 2015. Pulmuone is a global food company and Jihoon is involved in R&D center. He develops the surimi-based product such as fried fish cake (called *aumook* in Korea), kamaboko and fish stick.

Then:

Internship student at OSU
Seafood Lab
June 2014 – June 2015

Jihoon has been in OSU Seafood Lab for a year as a visiting internship student. He is a Dr. Park's grandson student, which means his professor Dr. Yoon is a former student of Dr. Park. His research was to assess the textural properties of PW and AP surimi paste with carrot and corn and to evaluate the effect of BPP on the gelation of PW surimi.
