

# ROBIN (HWABIN) JUNG

## Now:

Masters in KNU Food & Bio  
Process Engineering Lab

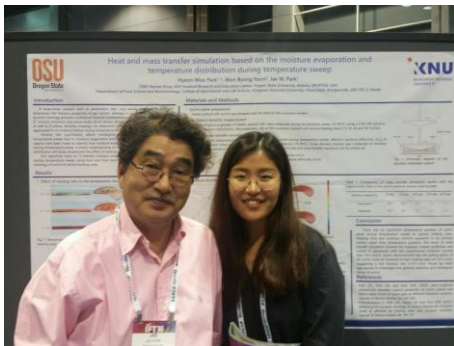

Email: [hwabinj@gmail.com](mailto:hwabinj@gmail.com)

Robin has been working for Dr. Yoon as a Masters student at the KNU FPEL from 2015. Her research subject is food engineering and processing. She is working on simulation of granular flow of grain food and analysis of physical properties of dried laver (gim).

## Then:

Internship student at OSU  
Seafood Lab  
January 2016-January 2017

Robin had joined at the OSU Seafood Lab as an internship student and as a granddaughter student of Dr. Park. Her research subject at the OSU Seafood Lab was evaluation of the effect of potato proteins in surimi gel.
