The GORP TRAINING PROGRAM provides a broad range of knowledge and skills essential to successful guide businesses. The content is organized into four courses: Global, National, State, and Local.

GLOBAL content is useful business information for all guides, anywhere; content includes group management, customer service, sustainability, marketing, personal interpretation skills, and basic terrestrial and marine ecology & more.

NATIONAL and STATE courses provide key economics, agencies, and natural feature information.

LOCAL course content includes identification of 101 local species of plants and animals, knowledge of local history, natural resource agencies, natural features, towns, and tourism organizations etc.

All this prepares you to meet the International Adventure Travel Guide Qualifications and Performance Standard, the ATTA Guide Standard.

Two enrollment packages are available for GORP SPRING 2020
