# Species identification informs: legal status and options

- "Predatory animals" means beavers, muskrats, western gray squirrels (*Sciurus griseus*), gophers, mountain beaver (boomer), marmot, nutria, and porcupine causing damage on private property are defined as predatory animals under ORS 610.002.
- "Unprotected Mammals" means badger, coyote, gophers (*Thomomys bottae*, *T. bulbivorus*, *T. mazama*, *T. talpoides* and *T. townsendii*), moles (*Scapanus townsendii*, *S. orarius* and *S. latimanus*), mountain beaver (*Apolodontia rufa*), yellowbellied marmots (*Marmota flaviventris*), nutria, opossum, porcupine, spotted skunk, striped skunk, and weasel.
- \*\*Some rodents and lagomorphs are protected
- Furbearer removal requires 1 of these licenses: trapping, hunting (furbearer), or (free) landowner removal (exceptions)
