

OSU Wildland Fire Guard School
Study guide for ICS for Wildland Fire

Directions:

1. Watch the ICS for Wildland Fire lecture recording, as posted on the course website.
2. Write down the answers to the questions, below, as you watch the lecture.
3. When the lecture is complete, find and complete the WUI Firefighting Considerations quiz in Canvas by its due date.

Questions:

What ICS position is required on every fire, regardless of size?

What is the recommend range of span of control for an incident run under ICS?

In a wildland fire handcrew of 20 persons, who does the crew boss directly supervise when actively fighting fire?

If management of a fire is broken into several geographic areas, what are those areas called?

What is a strike team leader, and what is a task force leader?

What is the functional role of the Operations section? (Matt gives a concise definition.)

What 4 subunits are likely to be established within the Planning section? (Matt lists 4)

What are some responsibilities of the Logistics section? (Matt lists several)

What subunits are typical in the Finance section? (Matt lists 4)
